

Our Week In Year One

Friday 23rd October 2020

N E W H A L L

What have we been learning?

- The children have had a great first half term at school and they have worked very hard. We have seen lots of progress!
- The children loved castle day! They had great fun using VR goggles, making shields, building a castle and they also enjoyed their banquet and group dance.
- In RE the children made Diva lamps in preparation for Diwali and they will paint them next half term.
- Science this week was exciting because the children took part in a tasting and smelling session as part of our senses theme with strawberries, lemon, mint and vinegar.

Home Learning

- Continue to read throughout the half term with your child.
- Mathseed lesson 40– add to 10 on a number line.
- Topic- In preparation for next term's topic '**Awesome Atmospheres**' Show your child a clip of a weather forecast and ask them to act out their own one based on the weather outside. Make a list and draw different types of weather.
- Soon we will send out next term's topic grid for home learning.

Just a few reminders...

- Have a lovely half term!
- Don't forget to get caught reading!

Thank you—Year One team
