

# Our Week In Year One

Friday 18th December 2020

**N E W H A L L**

## What have we been learning?

Well what a term we have had! The children settled into phonics and maths well many of them showing fantastic progress since September! We had fun covering *Turrets* and *Tiaras* in our history topic and have enjoyed finishing up *Awesome Atmospheres* this week. In science the children have enjoyed making a variety of weather measuring devices and recording the changes in the seasons. We look forward to starting our new topic "Home Sweet Home" next term where we will look at our place in our country. This week the children enjoyed some festive fun by making Christmas decorations, writing about the Polar Express and decorating rice cakes. We just want to take the time to thank-you for your kind gifts for the staff of year one. We are touched by your generosity.

## Homework:

- Over the Christmas break we will be sending home some phonics sounds that your child needs to practice based on our mock phonics screening test.
- Please continue to read daily with your child to encourage fluency.
- Maths seed- revision to 20 lesson 50 (please see addition matching worksheet)

## Just a few reminders...

Children will return to school on Tuesday the 4th of January 2021.
