

NEWHALL

What have we been learning?

- This week we have created charcoal portraits using shading and detail.
- In topic the children have been exploring the royal family tree and looking at their own families.
- In PSHE we have been thinking about how it feels to be proud of an achievement, the children came home with proud certificates from their teachers.
- In maths we have been finishing up our topic on ordering numbers from greatest to smallest and have begun to look at part whole models.
- In science we went on a hunt for signs of Autumn and then created a picture from the leaves we found.

Home Learning

- Daily Reading and phonics.
- Mathseed lesson 42—days of the week.
- Look, Cover, Write and Check spellings.

The children are enjoying learning with their 5 senses, you could create a sense trail or challenge for the children to try out all their senses. For example— have a blindfolded tastes test.

Just a few reminders...

- Please could children remember to return library books on **Friday** or they will not be able to take a new one home for the weekend.
- Beech class children **MUST** have their earrings out in order to do PE. If they come in with them in they will not be able to do PE. (Year 1 do PE Monday and Tuesday)
- Castle day is October the 22nd! Remember to come in your best royal outfit.
- Have a great weekend.

Thank you—Mrs Wood and Mrs Mouncey-Jaggers
