

Our Week In Year One

Friday 11th March 2022

NEWHALL

What we have been learning this week...

- In English we wrote questions to Greta Thunberg to celebrate International Women's Day. They loved learning about the positive impact she has had on the environment.
- In maths the children have continued to enjoy exploring mass and weight.
- This week in science we learnt about different kinds of trees. We got to go outside so we could compare the deciduous and evergreen trees we could see.
- In history we got to learn about Mary Seacole and her life during the Crimean War.

Home Learning

- Daily Reading— please try to read once a day at home.
- Phonics homework—Please complete any tasks that need to be written in your small blue homework books.
- Weekly maths seed lesson
- Termly homework grid.

Just a few reminders...

- Library day for year 1 is Monday.
- PE days for year 1 is on Tuesday and Thursday.
- Red Nose Day Friday 18th March non-uniform day

Have a wonderful weekend.

Thank you—Miss Cano and Mrs Mouncey-Jaggers

Nurturing Nurses

Complete the tasks from the grid at home over this half term. Please send in photos to share with the class. Have fun!

Make a list of the differences between modern day nursing and nursing in the past. Is there anything that hasn't changed?

Can you draw a picture of a nurse's uniform? Can you label your drawing?

Go on a plant hunt! How many different types can you find?

Create a healthy plate. What food will you include?

Imagine you are nursing a sick patient. Write a diary entry about your experience.

Order the cups in your house from largest capacity to smallest capacity.
