

Our Week In Year One

Friday 28th January 2022

NEWHALL

What have we been learning?

- In English the children have really enjoyed making missing posters! The main character from our story "Mabel's Magical Garden" thinks her flowers have been stolen and the children did a great job of describing them.
- In Maths we have been learning how to order, recognise and count back and forwards within 50. The children have loved making their own number squares and ordering the WHOLE of year 1.

- Geography was all about Northern Ireland this week! We loved discovering new landmarks such as the Giant's Causeway and the Titanic Museum.

Homework:

- Maths seed
- Daily reading practise
- Phonics
- Homework grid (optional)

Just a few reminders...

- Library day for year 1 is Monday.
- PE is Tuesday and Thursday
- Please kindly label children's jumpers and clothing this will help them build independence by finding their own items before they come home.
