# Our Week In Year One

Friday 3rd December 2021

**N E W H A L L**

## What we have been learning this week...

- This week in English we have been looking at dilemmas and how to write our own dilemma based on the polar express.
- Maths– we have been looking at numbers from 11 to 20 and how to count backwards and forwards to 20. We even went further and learnt what tens and ones are.
- In DT we explored different patterns which would look good on an umbrella such as swirls and spots.
- Science this week was very creative as we used colours to create a picture of seasonal light changes.

## Home Learning

- Daily Reading– please try to read once a day at home.
- Phonics homework— Next week we will only be uploading 5 pieces of phonics work for the children to complete over the next two weeks due to our busy festive schedule.
- Today the children completed their last spelling test of the year and we are very proud of them :)
- Weekly maths seed lesson

## Just a few reminders...

- Library day for year 1 is Monday
- PE days for year 1 are **Tuesday and Friday (subject to change during the Christmas period).**
- Termly homework grid
- Please make sure children have a winter PE kit with them on PE days. Our uniform policy can be found on our website.
- Please could you keep aside and bring in a plastic bottle next week as we will be needing them for a science investigation we will be doing.

**Have a wonderful weekend.**

Thank you—Miss Cano and Mrs Mouncey-Jaggers
