Other team members

Emma – Nursery Manager

Lisa – Deputy Manager

Michelle – Nursery Practitioner – across all rooms

Sara - Nursery Practitioner – across all rooms

Carly - Nursery Practitioner – across all rooms

Each staff member will add their photo to their key children shortly

Learning at home

It is lovely to see the observations of the learning that you are doing at home on Tapestry. Please continue adding any 'wow' moments that have at home or any celebrations that have taken place. The children really enjoy sharing these with the staff at the nursery and their peers.

If you are unsure how to add an observation to Tapestry please speak to a member of the nursery team who would be more than happy to assist.

Please do continue to help yourself to the reading books and the ENRICH activities.

Garden Areas

As the warmer weather is upon us, we are improving the environments outside. If you have anything that you feel could help us do this we would be very grateful i.e. large stones, soil, plants, old guttering, pots/pans, large brushes etc....

Blossoms

This week Blossom have been enjoying 'the snail and the whale' story. They explored the gloop to create their own snail trails with paintbrushes. They also explored paint to create some lovely pictures for their daddies!

In the garden the children acted out a 'drive thru' scene, ordering their favourite foods and talking about how much money they have to buy the food. We spotted some bees in the garden and smelt the new flowers that had grown. We even learnt a new word 'pollen' and found out that bees make honey!

Snowdrop

This week in Snowdrop we have loved learning all about our story of the week: Monkey puzzle. We have read this a few times at circle time this week and the children have loved it. We have been busy making animal masks and matching baby jungle animals to their mummies and daddies with picture cards. We have also been practising hopscotch in this lovely weather in the garden! In maths this week we have been working on subitising and finding correct amounts to match a numeral!

Bluebell

This week in Bluebell we have been learning about the story Mr. Seahorse and the important job that he does.

We created beautiful collages camouflaging the seahorse in the reeds and had a think about why the seahorse and other creatures use camouflage.

In Maths we have been learning to collect data through creating tally charts. We counting how many different coloured seahorses were in the ocean, and we then collected data on how many girls and boys that were in our class on different days and discussed our findings.

Emma Pike

Nursery Manager

Newhall Nursery Spring 2022 Week 3
